

# NORTHEAST ARTS

April 16, 2007

To Whom It May Concern:

Our experience in having Doug Talley and his group perform to the Alfred Hitchcock film "The Lodger" was a delight to our audience. Some of the students from Scuola Vita Nuova school also got a little education in the old time films and great music.

I believe it was a fun night for all. I am hoping Doug will be available for our annual outdoor event at the Concourse Park this fall.

Sincerely
